Changing social beliefs, attitudes and the behaviors that perpetuate domestic violence while creating a safe space in which to empower individuals and families affected by abuse.

Age 5: "This is me at my old house. I am sleeping and then I leave & come here"

Make a Difference Today

"We can smile because this place exists. We can smile because now we exist in more peace, inward and outward.

I had no idea what a turn my life could take so quickly. I fell flat on my face from DV- this last time I decided to fall back, With nothing to grab. I had no clue what the impact of hitting the bottom would feel like. Would I break? Was I to be ruined forever? Would my children crash into the ground? Would we hit the hard cement, never to know life the same way?

We fell back and there you were, Laura's House, our soft landing. We will never know life the same way. We will live it at its best. Thank you, each of you, for your support, encouragement, and assistance! I will be back and I will be on the giving end. This resource must continue and it will be abundant with every need met to assist DV victims!

Thank you for giving my family dignity, respect, smiles, compassion, love, advocacy, clothing, food, safety, concern, a place to be heard, assistance, guidance, education and strength.

I am forever grateful!"

The Impact of Your Donation

Your support and participation in our Circle of Friends program will enable us to continue to provide vital resources to the community. We empower families with knowledge, education and the life skills needed to make healthier decisions for themselves and their children, encouraging the cycle of violence to be broken once and for all.

Our Programs & Services Empower Change

In the last year, incidents of violence have risen an astounding 25% in the number of women and over 60% in the number of children in Orange County seeking to end violence in their home lives.

Last Year Alone:

- **1,653** callers were provided with crisis intervention through our 24-hour Hotline
- **269** individuals were served through our Emergency Shelter & Safety Net program
- **86%** of battered women improved their self-esteem and cognitive coping skills as a result of their participation in individual and family therapy
- **90%** of child victims demonstrated improved social functioning as a result of therapeutic counseling, breaking the multigenerational cycle to support healthy families

Education & Prevention

- **2,385** teens were reached through our H.E.A.R.T. (Healthy Emotions & Attitudes in Relationships for Teens) program
- **7,122** individuals were reached through our Community Engagement outreach program

43,000

The number of people in California who will be arrested for domestic violence each year.

121

The average number of cases of child abuse that will be reported in Orange County each day.

3

The number of women in the United States that will be killed by their husband or boyfriend each day.

I Wish - Age 13: "I am in the middle of the ocean but I feel safe because others are protecting me. That is what I wish."
