THE NEED

There are currently only four domestic violence agencies in Orange County. Despite an estimated need for 3,722 emergency shelter beds for domestic violence victims, there exist only 362 inside the county (Orange County Continuum of Care, 2006).

THE CAUSE

Laura's House strives to provide safe refuge to individuals and families escaping life threatening family situations. We believe that every person has the right to feel safe in their own home.

YOUR IMPACT

We can hear your voice loud and clear—break the cycle of violence once and for all. Together we can save lives and transform behaviors. We thank you for your steadfast support and for inspiring hope and strength for us all.
